## Cheap

**Asos**[SHOP AT ASOS](#)

Asos offers a wide-ranging assortment of ultra-hip brands complemented by an in-house label that keeps the same young and on-trend vibe. The site's selection of product is particularly suited for testing out a trend or statement piece you don't

want to drop some serious coin on. (Pro tip: Both the shoe and tailoring departments are especially well stocked.)

**Price:** \$-\$

**Best for:** Trendy ready-to-wear pieces

---

## Amazon Fashion

[SHOP AT AMAZON](#)

Yes, yes, the same spot you rely on for everything from paper towels to pet supplies also offers a rapidly expanding selection of bona fide fashion. We're not talking cheap and shitty basics either. You can buy a bunch of OG brands—like Levi's, Wrangler, Lacoste—often at prices that make the process of navigating the site's not-so-user-friendly design well worth it.

**Price:** \$-\$

**Best for:** Everyday basics

---

**H&M**

[SHOP AT H&M](#)

H&M, along with maybe Zara, is a pioneer of what most people call fast fashion—that is, quick collections adapting higher-end runway styles. We're not the fashion police, and we're pragmatic about the modern shopping world. (I mean, we just told you to shop at Amazon.) If you need something quick and affordable, no one's better than the Swedish giant.

**Price:** \$

**Best for:** Trendy, contemporary styles

---

## Abercrombie

[SHOP AT ABERCROMBIE](#)

One of the greatest reboots of the past few years is undoubtedly Abercrombie & Fitch. After its early-aughts reign over the graphic-tees-and-rugby-shirts market, the brand has grown up. In the adult version of A&F, you'll find new favorites including long double-breasted coats, cozy knits, and one of the best [inexpensive suits](#) we've added to our formal-wear rotation.

**Price:** \$-\$

**Best for:** Elevated athleisure, inexpensive formalwear

---

## Gap

[SHOP AT GAP](#)

What started out as a single store in San Francisco selling Levi's gradually evolved into a titan of international retail and a name synonymous with American design. Today, Gap is a mainstay of shopping centers around the world and is still one of the best places to stock up on basics at a bargain. Gap is an OG, so put some respect on its name.

**Price:** \$

**Best for:** Casual, timeless basics

---

**Uniqlo**

[SHOP AT UNIQLO](#)

Ah, Uniqlo. What would shopping online be without you? Uniqlo offers a seemingly endless array of basics the brand refers to as "lifewear," and they rarely disappoint. Perhaps one of the only retailers you could truly walk out wearing from head to toe, the Japanese chain just nails the details—from its signature puffer jackets to its selection of near-perfect jeans and everything in between.

**Price:** \$-\$

**Best for:** High-quality, affordable basics

---

## Old Navy

[SHOP AT OLD NAVY](#)

If you grew up in the '90s and early aughts, Old Navy's television ads were hard to miss. From scenes with Morgan Fairchild and Carrie Donovan to the cast of *Blossom* and *The Jeffersons* to Magic the dog, the brand, which falls under the Gap Inc. umbrella, brought a level of camp that always delighted. The same can also be said of its prices. Denim in all washes and cuts, board shorts in an array of prints and

lengths, and the selection of cargoes especially. The range the brand offers is without limits, but the cost seldom reaches three figures.

**Price:** \$

**Best for:** Easy, breezy basics

---

## Wrangler

[SHOP AT WRANGLER](#)

Honestly, our editors are **unabashedly certified Wrangler-heads**. As western wear and ruggedly handsome casual wear grows increasingly popular, the search for high-quality pieces does too. For us, that search starts and ends with Wrangler, a long-time purveyor of stylish cowboy-core pieces, from the perfect-fitting (and **celebrity-approved**) jeans to **red-carpet-ready fits**.

**Price:** \$-\$

**Best for:** Cool, rugged western wear

---

**Levi's**

[SHOP AT LEVI](#)

If you know jeans, you know Levi's, and if you know Levi's, you love Levi's. The denim giant has been an American staple for generations, providing everything from classic, vintage 550's to new, trendy washes and cuts. Moreover, it's got jackets, shirts, and casual wear galore.

Quince's brand model is affordable fashion that doesn't compromise on quality. If you're a brand loyalist, this is your one-stop shop. Quince covers all the outfit bases, from underwear to outerwear and accessories. In addition to extensive size ranges, each product page gives you a comparable snapshot of what you'd pay for the same pieces elsewhere. That one's for you, savvy shopper.

## Zara

[SHOP AT ZARA](#)

Zara can really be great, given that it can also sometimes be not great. That's to say, it takes some hunting. But for trendier items that you don't want to spend a ton on or want to try out—like a different denim-jacket shape or an oversize hoodie—you can't beat it. The basics are cheap, in price and material, but sometimes that's what we need. The jackets and sweaters are excellent.

**Price:** \$-\$\$\$

**Best for:** Trendier items, cheap basics, great jackets

It matters where you stay.

## Banana Republic

[SHOP AT BANANA REPUBLIC](#)

Even though Banana Republic tops the price tier among its Gap Inc. counterparts Gap and Old Navy, there are plenty of quality pieces to be found. In fact, the brand is so cool that **Timothée Chalamet wore it on the red carpet**. From everyday button-down shirts and knit sweaters to chinos and linen essentials for warmer weather, this is a solid choice for business casual wear.

---

**Cos**

[SHOP AT COS](#)

When Cos landed stateside for the first time almost a decade ago, the London-based brand (and H&M sibling label) established itself as a fashion-editor favorite through its selection of streamlined styles with enough subtle design details to separate it from the pack. Cos is more than another brand selling elevated basics—it routinely

churns out covetable versions of everyday staples you'll always reach for at a price point that belies its design bona fides.

**Price:** \$\$

**Best for:** Chic everyday pieces

---

## Bonobos

[SHOP AT BONOBOS](#)

To say that we at Esquire are fans of Bonobos is an understatement. The pants in particular are pretty amazing: Its Rec shorts, drawstring chinos, and suit trousers have all gotten our endorsement. Lest we forget, the Riviera shirt is a must-cop too. From the use of quality fabrics to the way styles are cut, hugging the body in all the right places, it's no wonder that the brand consistently receives our seal of approval.

Also, none of these pieces break the bank, not in the least. All in all, what's not to love?

**Price:** \$\$

**Best for:** Elevated staples

---

**DSTLD**

[SHOP AT DSTLD](#)

There's always going to be demand for inexpensive denim, especially when it's as comfortable as DSTLD's. The brand makes shopping super simple, offering four fits in a range of washes, all for less than \$100. The California-based company also sells a solid selection of sturdy tees and all-black accessories sure to enliven (so to speak) any outfit.

---

**Everlane**

[SHOP AT EVERLANE](#)

The DTC darling promised nothing short of a revolution when it launched with a platform predicated on "radical transparency," and thankfully it didn't disappoint. The Internet's favorite retailer does what many now consider the prototypical millennial aesthetic better than almost anyone else—in other words, it's the place to

go to cash out on democratically priced cashmere, pocket tees, and other streamlined essentials.

**Price:** \$\$

**Best for:** Everyday favorites

---

## J. Crew

[SHOP AT J CREW](#)

Sure, J. Crew isn't *always* inexpensive, but it can be. You just need to know where to look. The iconic retailer often hosts sale offers that seem almost too good to be true, from steep discounts on seasonal items to a clearance section that's second to none. And it's still one of the best spots to shop for classic, prep-inflected Americana, including sun-dyed tees, slim chinos, and perfectly-cut OCBDs.

**Price:** \$\$

**Best for:** Elevated, chic staples

---

## J. Crew Factory

[SHOP AT J CREW](#)

If you love the reductions offered in J. Crew's sale section (see above), you're going to go wild over J. Crew Factory. From waffle half-zip sweaters and plaid shirts in a slew of colors to crewneck sweaters and sharp suits, many of the styles that you love at J. Crew proper are discounted significantly. On top of that, the site regularly offers promo codes with additional markdowns.

**Price:** \$-\$

**Best for:** Marked-down J. Crew

---

## Nordstrom Rack

[SHOP AT NORDSTROM RACK](#)

The beloved offshoot of the mall mainstay is one of the best places to visit if you're in the mood to discover something you never knew you needed. Nordstrom Rack's selection can vary, but its often-cluttered hangers host many a hidden gem, from deeply discounted denim to formal wear you'll want to rock as often as possible. It's

also a great place to consistently check for footwear deals—you never know when your favorite shoe might turn up half off and in pristine condition.

**Price:** \$-\$

**Best for:** Discounted designer styles

---

## Nordstrom

[SHOP AT NORDSTROM](#)

Nordstrom itself is no slouch either. You can easily rack up quite the credit-card receipt if you're feeling spendy, but the retailer's **sale section** tends to be full of Very Good Stuff at a Very Good Price. You might end up paying a little bit more than you would at Nordstrom Rack or other, similar outlets, but you'll get newer, more on-

trend options and Nordstrom's legendarily capable customer service in return. Don't sleep.

**Price:** \$\$-\$\$\$\$

**Best for:** Modern basics and upscale designer

---

**Price:** \$\$

**Best for:** High-quality, timeless basics

---

## Mango

[SHOP AT MANGO](#)

The Swedes aren't the only ones who have global dominance when it comes to fast fashion; thanks in large part to Mango, the Spanish, too, have their hands in the game. Season after season, the brand offers an assortment of styles that are elevated, streamlined, and incredibly wallet friendly. Mango eschews flash, instead

opting for silhouettes and patterns that are sharp and versatile and that'll last for many years to come.

It's not necessarily the best value full price, but there are sales all the time. Wait for those.

**Price:** \$\$

**Best for:** Modern takes on timeless classics

---

**Elevated**

---

## Naadam

[SHOP AT NAADAM](#)

Naadam is cheap in the grand scheme of cashmere being cheap. Which is to say, it's still a bit pricey but it's significantly less pricey than getting equally good cashmere anywhere else. The brand offers basics in a range of price points. You can even find some quality cashmere on sale. If neutral color palettes and basics to build your outfits around are your shopping priorities, Naadam has you covered.

**Price:** \$\$\$-\$\$\$\$

**Best for:** Cashmere, everyday staples

---

## Buck Mason

[SHOP AT BUCK MASON](#)

Buck Mason sells elevated basics with a bit of an edge. The brand's curved-hem tees are modern-day staples, but it also offers a range of other thoughtful, hard-wearing items, all in a variety of cuts and fits. (The leather styles, in particular, are always seasonal standouts.) It is indeed a bit more pricey, but everything is really well-made, so it's always worth it.

and even collaborative watches from Timex—can hit discounts of up to 70 percent off.
